

Environmental Policy

RE Resource Group (RE) is a Recruitment Agency which specialises in the supply of individuals to our diverse client base.

We recognise that our activities have an impact on the environment in terms of the use of raw materials, emissions to air and water, and waste generation, and seek to minimise this as far as is reasonably practicable.

RE is committed to:

- Continual improvement in its environmental performance
- Preventing pollution
- Compliance with all environmental legislation, regulations and codes of practice relevant to the industry sector in which it operates.

It is the policy of RE to:

- Make efficient use of natural resources by conserving energy and water, minimising Waste and recycling where possible
- Meet its duty of care requirements in relation to waste by ensuring the safe keeping, transportation and subsequent recovery or disposal of waste
- Use recycled construction materials whenever these can be commercially justified
- Keep transport use to a minimum and regularly service vehicles to maintain their efficiency
- Work with suppliers to ensure they recognise and reduce the environmental impact of their products and transportation.

RE will review this policy on an annual basis, taking into account any changes within legislation and our organisation, and other factors.

We will communicate this policy to all our employees and ensure they are given appropriate training to raise awareness of environmental issues.
